ADVENTURE INSTRUCTIONS

Adventures are interactive fantasies in which you play the role of a character in an unknown environment. Through the computer, you control your character and try to solve the mystery with plain English statements like "OPEN THE GATE" or "GET THE KEY".

The computer considers the first word the verb and the last word the noun. It also looks only at the first two letters of each word. Therefore, "OP GA" means the same as "OPEN THE GATE".

Enter "IN" (for "inventory") to see what you are carrying. **Look at individual items for further clues.**

In all of our adventures, you will never get into a "dead end" situation; there is always a way out (unless you die).

When you are asked for more information, the computer is looking for a one-word answer. In response to "PUT THE KEY", the computer might ask "WHERE SHOULD I PUT THE KEY?" You should enter "LOCK", not "IN THE LOCK".

When referring to a noun with two or more words, use the word that is in all capitals, otherwise the computer will not know what you are trying to tell it to do. If you want to go to a place called MAIN Street, type in "GO MAIN", not "GO STREET". If you want to get the Red COAT, type in "GET COAT", not "GET RED".

Below is a list of verbs that you can use (not all verbs will work in all adventures). The discovery of all the nouns is left up to you; that's part of the fun!

ARREST	BURN	BUY	CALL
CHARM	CHEAT	CHISEL	CHOP
CLIMB	CLOSE	CONNECT	COVER
CROSS	CUT	DIG	DROP
DUMP	FEED	GET	GIVE
GO	HIT	INSERT	INVENTORY
JUMP	KILL	LASSO	LIGHT
LOAD	LOOK	OPEN	ORDER
PLANT	PLAY	POST	PRESS
PULL	PUSH	PUT	RETURN
RUN	SHOOT	SIPHON	START
SWIM	THROW	TIE	TURN
UNLOCK	UNWRAP	WATER	YELL

Note: On the C-64 and Adam, you can also use HELP (except Bounty Hunter) and VERBS.
