CLS BY SHAWN MERRICK  
EMAIL:SHAWNMERRICK@HOTMAIL.COM

PUBLIC DOMAIN PROGRAM FOR  
CP/M 2.2 ON ADAM, THE  
COLECOVISION FAMILY COMPUTER  
SYSTEM.

CLS IS A VERY TINY TRANSIENT  
PROGRAM TO CLEAR THE SCREEN  
AND HOME THE CURSOR. THIS  
REPLICATES THE SAME FUNCTION  
BUILT-INTO ADAM T-DOS OS, AND  
ALSO FOUND ON OTHER COMPUTER  
SYSTEMS.

UNLIKE A RESIDENT CLS COMMAND,  
THE PROGRAM MUST LOAD FROM  
STORAGE EACH TIME IT IS USED.  
IT IS OBVIOUSLY SLOWEST WHEN  
RUN FROM A DDP TAPE DRIVE.

HIGHLY RECOMMENDED TO RUN FROM  
A RAMDISK, 160K DISK DRIVE, OR  
SD CARD DEVICE LIKE ADAM DRIVE  
EMULATOR (ADE) OR FUJINET.

USE AND SHARE FREELY!
