

Electronics

March 1987

Dear sir;

The 64K memory expansion board is a duplicate of the Coleco version, (obtained prior to the discontinuance of the ADAM computer).

Benefits: Smartwriter gains approximately 30 pages of work space; CP/M gains a 'ramdisk'; Adamcalc gains a 'background' spreadsheet; Smartbasic version 2 gains 64K of work space.

The boards are fully assembled and tested. They are in stock now and sell for \$30.00 American, plus \$3.00 P&H. This price includes 30 days warranty, (repair or replacement), from date of purchase.

Write for quantity purchase discounts.

Visa, American Express, Money Orders and certified cheques are accepted as payment.

Delivery time is approximately one week from the time we receive your order; - depending on the post office, and customs.

Thank for your interest.
